PREFACE.

IN publishing a new and improved edition of the GLASGOW POST-OFFICE ANNUAL DIRECTORY, the Proprietors trust it will be manifest on perusal, that no exertion has been spared on their part to render the work worthy of extensive support from a discerning Public; at the same time, they would most respectfully observe, that since their first Publication, considerable additions have been adopted at various periods, and notwithstanding the increased expenses attending these improvements, the price charged has remained always the same.

At the extensively expressed desire of many intelligent Merchants and others, the Proprietors have been induced this year to add a carefully compiled Street Directory, which, with previous additions, will augment the work to nearly treble its original size; and it is gratifying to the Proprietors to be able to adopt these important improvements by a very trifling advance in price.

In comprehensiveness of arrangement, and accuracy of details, it will stand in favourable contrast with any other published work of the same nature, and will now embody the following Lists alphabetically arranged:—

Streets, Squares, and Lanes, with reference to their localities.

The Names and Addresses of Bankers, Merchants, Manufacturers,

Tradesmen, and Principal Inhabitants of the City and Suburbs.

Professions and Trades distinctly classified.

To which is added, for the first time,

A Street Directory, in which the Principal Inhabitants are enumerated according to their respective numbers.

Also,

An Appendix, containing the fullest and most minute Post-Office Instructions and Regulations hitherto published.

Together with the

Departures and Arrivals of Trains, Steamers, Carriers, &c.

With other useful local information indispensably necessary to the Merchant and Trader.

Paid Letters to go by the Mails despatched before 8 a.m. must be posted the previous evening before 10-30 at the General Office, and before the latest collection at the different Receiving-Houses.

Postage Stamps.

Stamps may be procured at the General Office, Glassford Street, the Stamp Office, and the several Receiving-Houses. Labels 1d. and 2d. each, and Covers 1½d. and 2½d. each.

When the Value of Stamps on the Letter is less than the amount of the Postage to which it is liable, the Letter will be charged double the Amount of such difference on delivery.

Stamps may be used for *Printed Votes* and *Proceedings in Parliament*, and on Foreign, Colonial, and Ship Letters, &c. *outwards*. If any letter, however, addressed to places beyond sea, bear an insufficient number of Stamps, it will be sent to the Dead Letter Office, to be returned, in all practicable cases, to the writer. Stamps are not permitted to be used on Letters arriving in the United Kingdom *from the Colonies or Foreign Countries*.

These Regulations are applicable to Newspapers in those cases where they are liable to Postage.

If the Stamps affixed to letters have been mutilated or defaced, the letters will be liable to the unpaid rate.

A letter with a Stamp affixed which has been cut from an envelope does not entitle it to pass free of charge.

Members of either House of Parliament are entitled to receive, free of charge, petitions addressed to either House of Parliament, provided they are sent in covers open at the sides, *and do not exceed the weight of thirty-two ounces*. Addresses to Her Majesty go free of postage.

Printed Votes and proceedings in Parliament are charged at the following rate between places in the United Kingdom, and between the United Kingdom and the Colonies, when conveyed by packet.

Not exceeding 4 ounces, 1d.

Exceeding 4 ounces and not exceeding 8 ounces, 2d.

Exceeding 8 ounces and not exceeding 12 ounces, 3d.

and so on in proportion. Pre-payment optional.

Letters of Soldiers and Sailors remain unaltered, their privilege being restricted to half an ounce in weight.

Letters and packets exceeding sixteen ounces in weight, with the exception of those classes mentioned below, are sent to the Dead Letter Office to be returned to the sender.

EXCEPTIONS.

Parliamentary Petitions and Addresses to Her Majesty.

Parliamentary Proceedings.

Letters and packets addressed to, or received from, places beyond sea

Letters and packets to and from public departments, and to and from officers who formerly franked by virtue of their office.

Deeds, if transmitted in covers open at the sides. These may, however, be tied with string and sealed to prevent inspection of the contents, though they must be left open at the sides that it may be seen that they are entitled to the privilege.

RE-DIRECTED LETTERS are charged an additional postage for each re-direction according to the pre-paid scale.

BOTTLES.

Containing liquid, and articles of a brittle nature, should not be forwarded through the Post, as they are almost invariably broken, either by the operation of Stamping or by the friction of the Coaches. It is besides improper so to transmit such articles, as by accidents to them, the seals of Letters in the bags may be damaged, the Letters mutilated, or their addresses effaced. For similar reasons, articles having SHARP EDGES should not be transmitted through the Post.

REGISTRATION.

Letters, whether containing Coin or not, can be registered on payment of a fee of ONE SHILLING, in addition to the Rates of Postage, Inland, Colonial, or Foreign. A printed acknowledgment will be given to any person registering a letter. Registered Letters will be taken until within half an hour of the closing of the Box for the particular Mail by which they are to be despatched. Letters for Registration, bearing a sufficient number of Stamps, will be considered Paid Letters, but the fee of one shilling must always be paid in money.

In the case of Foreign, Colonial, or Ship Letters, it must be clearly understood, that Registration can only extend to the Port of shipment. Letters, however, addressed to France, and Letters passing through France, are exceptions to this rule, the French Post Office undertaking to provide for their security till they shall have been delivered, *if addressed to France, and so long as they remain in the French territory, if passing through France.*

The arrangements for carrying out the system of Registration have been made with the view of ensuring the safe delivery of Registered Letters; on their delivery the parties to whom they may have been addressed will be required to acknowledge in writing their receipt. *Parties transmitting Bank Notes, Bank Post Bills, Drafts, Jewellery, &c. should invariably secure their transmission by Registration; and persons having occasion to send by Post small sums, are recommended to make use of*

THE MONEY ORDER OFFICE,

South side of the Bar Lobby, General Office, Glassford Street, where they will incur *no hazard*. The charge for such Orders is threepence on sums under *two pounds*, and sixpence on sums between *two and five pounds*.

No order will be given for sums beyond this amount.

Money orders can be granted on the towns in the following lists having the letters "m" or "o" prefixed.

List of Post Towns and Sub-Offices in Scotland;

With the hours at which the Box is closed at the General Office, Glassford Street.

When two places are mentioned, reference must be made to the latter for the hours of despatch.

LETTERS TO AND THROUGH FRANCE.

THE postages on letters addressed to, and passing through France, are calculated on the following principle :—

The *British* rate on all Letters addressed to *France* and *Algeria*, or to countries *through France*, is 5*d.* on a Letter *not exceeding Half an Ounce* in weight, and the *French* rate on such Letters is 5*d.* on a Letter *under the weight of a quarter of an ounce*, to whatever place in *France* or *Algeria* the Letter may be addressed, excepting, however, all Letters conveyed by *British Packets* in the *Mediterranean*, which are liable to the *British Mediterranean rates* in addition to the above-mentioned British rate of 5*d.* from England.

The *French transit* rate on Letters passing *through France* is also reduced to 5*d.* on a Letter *under the weight of a quarter of an ounce*, but the other *Foreign Rates* vary according to the limit to which the Letter may be paid.

All Letters addressed to France, or to countries through France (except to certain countries, to which the British Rate of 5*d.* need only be paid), are liable to both the British and Foreign Rates combined; for instance, a Letter *not exceeding half an ounce* is liable to one British Rate, while a Letter *under a quarter of an ounce* is liable to one Foreign Rate, and so on in proportion, as shown in the following scale :—

				British Rate.	Foreign Rate.
A Letter under a ... $\frac{1}{4}$ of an ounce	is liable to	1	and	1	
— weighing a $\frac{1}{4}$ and not exceeding $\frac{1}{2}$	—	1	—	2	
— exceeding $\frac{1}{2}$ and under $\frac{3}{4}$	—	2	—	3	
— weighing $\frac{3}{4}$ and not exceeding 1	—	2	—	4	
— exceeding 1 and under $1\frac{1}{4}$	—	4	—	5	

The British charge increasing *two Rates of Postage* for every additional *ounce*, according to the scale of weight for charging Inland Letters, and the Foreign charge increasing *one Rate of Postage* for every additional *quarter of an ounce*. It must be observed, however, that this Table is not strictly correct, as the English and French modes of charging by weight are dissimilar; a Letter *not* being liable to an increased *British Rate*, unless it *exceed* the half ounce or ounce, while an additional *Foreign Rate* is chargeable if it actually *attain* the quarter, half, three quarters of an ounce, or ounce, respectively.

Letters to *France* and *Algeria* must be either unpaid, or have the whole of the Postage to destination, British and Foreign, paid in advance, as it is no longer optional to pay the British rate only.

For further rates, see the General Alphabetical List of Foreign Countries in the previous pages.

Letters for *Baden* and *Bavaria*, paid to Calais, may be sent *unpaid through France*, or *paid to destination*.

Letters for the following places may be forwarded by the *French Mediterranean Packets*, which leave *Marseilles* on the 1st, 11th, and 21st of each month, either *unpaid or paid to destination*, viz. :—

Alexandria; Constantinople; The Dardanelles; Greece; Malta; Papal States, or States of the Church; the two Sicilies; Smyrna; Tuscany; and to the Ionian Islands, if prepaid.

Letters intended to go by these Packets should be addressed “by *French Mediterranean Packet*.”

Letters for Malta and Alexandria may be also sent by the closed Mail on the 2d of each month, either *unpaid or paid to destination*; but on

Letters for the Ionian Islands and the East Indies, sent by such closed Mail, the *Postage must be prepaid*.

PAID LETTERS.

On Letters tendered to be paid to France, or on Letters addressed to places in the *Mediterranean* or beyond, through France, the *whole Postage, both British and Foreign*, will be demanded. The whole postage must be paid on Letters addressed to *India, China, Ceylon, &c.* when forwarded through France.

REGISTERED LETTERS.

Registered Letters to France continue to be sent under the *same regulations* as formerly; and Registered Letters addressed to countries *through France* will be treated in like manner, that is, a Registration Fee of 1s. over and above all rates of Postage, must be paid in advance, the *British rate* being the same as on other Letters similarly addressed but not registered; but *double the Foreign rates* to destination, or to the utmost limit to which the Postage can be paid, to which an ordinary Letter would be liable, will be taken, the whole Postage being paid in advance.

NEWSPAPERS.

English Newspapers may be forwarded to France by Packet *free* of Postage, or by Private Ship, for one penny each, and French Newspapers are delivered in England for one halfpenny each.

On Newspapers to and from Spain, *via France*, the rate is one halfpenny each.

On Newspapers to and from Greece, one penny each, if forwarded by the *French Mediterranean Packets*. Free, if addressed *via Trieste*.

On Newspapers forwarded by the *monthly closed Mail*, and not *via Falmouth*, to or from the *East Indies, Malta, or any other place in the Mediterranean*, the rate is 3d. each.

On Newspapers to and from all other countries, either on the Continent of Europe or beyond sea, passing through France, the rate is 2d. each. *Prices Current and Commercial Lists, duly stamped*, enjoy the same privilege as Newspapers.

PERIODICAL WORKS AND PARLIAMENTARY PROCEEDINGS.

Periodical Works, not strictly Newspapers, which are published as Pamphlets, and Parliamentary Proceedings, may be forwarded to France, *but to France only*, under the following regulations:—

They must be sent in Covers open at the sides, printed in the English language, and prepaid.

The rates of Postage on such Works and Parliamentary Proceedings are,—

Not exceeding two ounces in weight,.....1d.

Above two ounces, and not exceeding three ounces,.....6d.

Above three ounces, and not exceeding four ounces,....8d.

And 2d. for every additional ounce up to the weight of 16 ounces, beyond which weight no publication can be forwarded.

The above-mentioned Rates and Regulations apply equally to all Letters passing between England and France, whether forwarded by the regular Mail Packet or by Private Ship.

SHIP MAILS.

Ship Letters.—The single rate to places beyond sea, when conveyed by private ship, is 8*d.* under half an ounce, 1*s.* 4*d.* under an ounce, 2*s.* 8*d.* under 2 ounces, and so on.

Owners, Consignees, or Charterers, (resident in the United Kingdom,) and the Owners, Consignees, and Shippers of Goods on board vessels inward bound, are entitled to receive their letters free from sea postage, to the extent of six ounces. In case of vessels from *Ceylon, Mauritius, the East Indies, and the Cape of Good Hope*, the privilege extends to twenty ounces in weight. The Owner, Charterer, or Consignee, must be described as such in the address; and in case of Owners, Shippers, or Consignees of Goods, it must appear, by the ship's manifest, that they have goods on board.

A penalty of ten pounds is incurred by parties *falsely* superscribing a letter as Owner, Shipper, Charterer, or Consignee.

Letters for Foreign Countries, the pre-payment of which is required, when put into the unpaid box, or left at the office with *less* than the full postage, are sent to the Dead Letter Office, and returned to the writer, when his address can be ascertained.

NEWSPAPERS AND SUPPLEMENTS TO NEWSPAPERS.

ALL Newspapers must be sent in covers, open at the sides, and no words or communication may be printed or written on such papers or covers after the same shall have been published, other than the name and address of the persons to whom they are sent; nor any thing enclosed or concealed in either newspaper or cover. Newsvenders *only* may *print* their names and addresses thereon. Newspapers may be examined by the Officers of the Post Office; and if there be any breach of the above regulations, the packet is chargeable with treble the amount of postage which a letter of the same weight would have been liable to. Any person contravening the law, may, at the option of the Postmaster-General, be prosecuted as for a misdemeanour.

Clause of the Act of 1st Victoria, cap. 34, sec. 32.

“And be it further enacted, that in all cases in which a question shall arise whether a printed Paper is entitled to the privileges of a Newspaper or other publication hereby privileged, so far as respects the transmission thereof by the Post under the Post Office Acts, the question shall be referred to the determination of the Postmaster-General, whose decision, with the concurrence of the Lords of the Treasury, shall be final.”

Form of Proceeding in the Recovery of Small Debts.

Debts may be recovered in a summary form, before the Justice of Peace Court, to the extent of £5; and before the Sheriff Courts, to the extent of £8 6s. 8d.

The first step is to set forth, in a complaint or libel, agreeably to a prescribed form, [the Clerks of Court will provide the necessary forms,] the origin of the debt, or ground of action, and to cause the same, with a copy of the account, if any, to be served on the defender.

A warrant will, at same time, be obtained to cite witnesses, and to use arrestments.

The parties may appear either by themselves or by members of their families, or others whom the Court may authorize; but in no case by persons practising the profession of the law, without special leave.

If the defender fail to appear, after being cited personally, he will be held as confessed, and judgment will be given against him.

In the Justice of Peace Court, if the defender has not been cited personally, he will receive a second citation; after which, whether given personally or not, he will be held confessed, as above; but in the Sheriff Court only one citation is given.

But, when decree is given in absence against the defender, he may, before the expiry of the charge, apply for a re-hearing, on consigning the sums decerned for.

If decree in absence be given against the pursuer, he may, within one month, obtain a re-hearing on consigning 2s. 6d. if the case be before the Justices; and the expense decerned for, with 5s. to meet farther expenses, if the case be before the Sheriff.

The case will be adjourned, upon the pursuer or defender offering a suitable excuse, or if any witnesses be absent.

If decree be given against the defender, in his personal presence, diligence may proceed against him by arrestment instantly; and by poinding and sale, at the end of ten days.

If decree be given against the defender, in his absence, poinding and sale, as above, can only follow after a charge of ten days.

The defender, on showing cause, may be allowed to pay the sums decerned for by instalments.

The decrees of the Sheriff may be executed in any county, on the same being indorsed by the Clerk of such county.

Any arrestments used in cases before the Sheriff, must be used within sixty days after the warrant is obtained, and renewed every three months; and such arrestments may be loosed on offering sufficient caution, or on showing evidence of absolvitor, or payment, or on consigning the sums demanded, if before decree.

The above forms will apply to any action of forthcoming whatever, before the Sheriff, for making effectual arrestments; but in such actions, both the defender and arrestee must be cited to appear in Court on the same day.

Decrees, pronounced in this summary form, by the Sheriff, will only be reviewable by the next Circuit Court of Justiciary, or, if there be no Circuit Court, by the High Court of Justiciary, at Edinburgh, on the ground of corruption, or malice, or oppression, on the part of the Judge.

Such decrees, when pronounced by the Justices, will only be reviewable by a reduction before the Court of Session, on the ground of malice and oppression, on the part of the Justices; and such reduction will only be competent for one year, and finding caution for costs.

No person shall be exempted from the jurisdiction of Justices or Sheriffs, in such cases, by reason of privilege as a member of the College of Justice.

Billeting Soldiers.

Soldiers on the recruiting service, &c., are billeted on the houses of the inhabitants in regular rotation, with the following exceptions, viz.:—Parish Ministers and Schoolmasters, Faculty of Physicians and Surgeons, Faculty of Procurators, Widows and Unmarried Ladies not in business and who do not keep Lodgers, and Paupers.

Occupiers of houses at £3 and under £5 yearly rent, two men for any number of days under a week—at £5 and upwards, two men for two weeks, or the remainder of the month, which may happen to be seventeen days.

When it is inconvenient to furnish soldiers with a bed, it has been usual in lieu thereof to pay 3s. a week for two men, and 2s. to sergeants, payable weekly at the option of the inhabitant. Government allows a return of 1d. each day for each soldier. The Billet Master attends from 11 to 3 o'clock on the 4th of each month, (when it does not fall on Sunday,) and the two following days, to pay the Government allowance.

At Glasgow the 8th day of June, 1808 years.

Which day, the Magistrates and Council of the City of Glasgow, being in Council assembled, there were produced a Table of Fares payable to, and Regulations for the government of, the Carters, plying for hire within the City, which had been drawn up by the Magistrates, after consulting with some of the Merchants of the City, and a Committee of the

Carters. On considering which Table of Fares and Regulations, the Magistrates and Council approve thereof, and enact and ordain the same to take place and to be observed in all time coming, from and after this date, under the several penalties therein contained. And of which Table the tenor follows:—

Fares and Regulations for Carters plying for Hire within the City of Glasgow.

I. The City shall be and is hereby divided into the following Districts, according to which the respective Rates of Carriage after-mentioned shall be exigible:—

First District.—To or from the Broomielaw to Stockwell Street, Glassford Street, and Frederick Street, up to the North side of George Square, including both sides of these Streets, the whole of George Square, and every part of the City to the west of these Streets, and also the upper side of George Street, West of Frederick Street.

Second District.—From the Streets last mentioned, along both sides of George Street, to High Street, along Trongate and Gallowgate Streets, to the Spoutmouth, including both sides of High Street, from George Street southward, also St Andrew's Square, and all the Streets and Lanes between the said Spoutmouth westward, to the first line of division.

Third District.—All the Streets, Lanes, and other places, within the City, to the east of the second line of division, and to the north of George Street.

In carrying Grain, the Carters shall always find sufficient Bags, and carry the whole of their load up one story, or into a ground flat, without any assistance from the employer.

When the Cart-load is to be carried up more than one story, the Carter shall receive 2*d.* per cart additional; but in this case the Carter may carry up half of the load at his own expense, his employer being at the expense of carrying up the other half.

The Carter, in all cases, shall assist in loading and unloading, but must always remain by his Cart; and when able so to do, he must load and unload the Cart himself.

All such quantities of Goods as are to be considered as a single Cart-load, and likewise all Rates and Fares, not before specially provided for, in case of any dispute, shall be settled by the Sitting Magistrate.

III. The following Rules and Regulations shall be observed by the Carters, and shall be strictly enforced in all time coming:

1st, Every Carter shall enter his name and place of residence in a book to be kept for that purpose, in the City Clerk's Chambers, and must find security for the faithful and honest discharge of his duty, under a suitable penalty; and any Carter plying in the streets, and neglecting to find such caution, shall forfeit a sum not exceeding two pounds sterling for each offence.

2d, Every Carter shall be furnished with a badge, which will be numbered according to the order in which his name is entered. These badges must be worn constantly by the Carters when at work; and they must immediately get the number which is on the badge, painted on some conspicuous part of their carts, under the penalty of ten shillings for each offence.

3d, Every Carter who shall refuse to work when not engaged, or who shall demand higher fares than those specified in the foregoing Table, shall be liable to a penalty of ten shillings for each offence. And every Carter, who says he is engaged, shall, upon being asked, specify the person by whom, and the hour at which he is engaged, and he shall not refuse to be employed in the interval between the time he is so asked, and the hour of his engagement, under a like penalty of ten shillings for each offence.

4th, Every Carter shall be furnished with, and shall always carry about with him, a copy of these Regulations and Fares, which he shall produce and show, when required, to his employers, under a penalty of ten shillings for each offence. And,

Lastly, Every Carter is hereby enjoined, strictly to attend and conform to the Regulations in the Act 12th, Geo. III. cap. 45, and also to the Regulations with regard to the carriage of Timber, in the Act 33d, Geo. III. cap. 104, under the several penalties therein-mentioned.

Regulations and Table of Fares for the City Porters.

By the Police Act, Section 103, no person is allowed to ply, or work on the streets of the City or liberties, for hire, as a porter, without first entering his name, and place of residence, in a book for the purpose, in the Town Clerk's Chambers, and without giving Bond for the faithful and honest discharge of his duty, under such penalty as to the Magistrates shall seem proper, and without having a badge or ticket containing his number.

Persons wishing to be admitted as Porters, must apply to the Magistrates, by petition, stating their place of nativity, age, residence, and former employment, and produce satisfactory certificates as to character. On being admitted, and before being allowed to ply, each Porter must implement the above enactment; and he shall thereafter strictly conform to, and observe the following Regulations:—

1st, He shall renew his bond at the expiry of three years, and, on the decease of the Cautioneer, or his removal from the City; which decease or removal, he shall, within eight days thereof, intimate, in writing, to the City Clerks, and Superintendent of Police, and he shall also, in the same manner, and within the said time, intimate his own removal or change of residence.

2d, He shall wear his badge or ticket conspicuously on the left breast of his coat, which badge shall be of brass, and have inscribed the words "City Porter," and the number in the order of his admission; and he shall also have a transcript of said inscription painted legibly on the right side of his barrow or hurley.

3d, He shall not, when unengaged, refuse employment when offered, whether on his station or not; and, if he allege previous employment, he shall, when required, specify the nature and time of his engagement.

4th, He shall not demand higher fares than those specified in the subjoined Table; a copy of which Table, with these Regulations, and also a small plan of the City, divided into sections of a quarter of a mile, he shall always have in his possession, and produce to persons employing him, when required.

5th, When stations or districts are allotted to Porters, which shall be done by the Superintendent of Police, the Porters, except on extraordinary occasions, such as the Term time, when they are generally employed at *flittings*, shall not offer themselves for hire beyond the district assigned to them.

6th, Not more than four Porters shall stand at any corner of a street or other station; and, as one station may be more advantageous for employment than another, they shall be so arranged as that each may have an equal opportunity of obtaining it. Thus, if the south corners of Glassford Street shall be deemed the most favourable, the four Porters who have been longest in the service shall take the west corner—the next four in order shall take the east corner—the next four shall take the west corner of Stockwell Street—and the next four the east corner of Stockwell Street; and, when a vacancy takes place, by the employment or absence for a quarter of an hour, of any on the more advantageous stations, in this order—the Porter first on the next station, for the day, shall have the right of moving to it—that is to say, the first of the four at the west corner of Stockwell Street to the west corner of Glassford Street—and the first of the four at the east corner of Stockwell Street to the east corner of Glassford Street; or, the first at the east corner of Stockwell Street may move to a vacancy at the west corner of Stockwell

Street. The same rule shall be observed at the Cross, the south end of Candleriggs, and the north end of King Street; the south end of Buchanan Street, and the north end of St Enoch Street; and at the other parts of the City where there are intersecting streets, or where there are two or more stations near each other.

7th, Not more than six Porters shall resort to, or take up a station at, any Coach Office, Inn, or other place at which Stage Coaches arrive. On the arrival of Coaches, the Porters shall stand in a line on the curbstones of the pavement; and they shall not leave the curb-stone or interfere with passengers' luggage, till singled out and engaged. They shall not importune, call out, or make any signal to passengers for employment; and, unless specially selected by passengers, they shall take hire in rotation, each in regular succession.

8th, The object of these arrangements being to insure good order on the one hand, and a fair opportunity of regular employment on the other, the Porters must strictly attend to their operation. For this purpose, they may establish rules among themselves, provided these are sanctioned by the Superintendent of Police, who may alter or rescind them, and provided they are not inconsistent with the Regulations hereby enacted. In the event of dispute or misunderstanding among them, the same shall be determined by the Superintendent. And, as a corrective of improper conduct, the Superintendent may remove such as do not comport themselves with propriety, to an inferior station, and promote the next in order.

9th, No Porter shall appear on his station intoxicated; if he does, he shall be removed, and the next in order shall take his place. All Porters are prohibited from standing on the pavement or crossings, to the obstruction or annoyance of the lieges; as also from smoking; when upon their stations, or in any manner giving offence. In general they are enjoined to conduct themselves orderly among themselves, and discreetly towards the public; to obey the instructions of the Magistrates; and to assist the Police in cases of emergency, and on all occasions when required by the Superintendent, or the officers acting under his authority.

10th, Porters contravening, or not conforming to these Regulations, will subject themselves to a penalty not exceeding forty shillings; which penalty shall be awarded, and the Regulations enforced in a summary manner, by the Sitting Magistrate in the Council Chambers or Police Court, who may also dismiss from said employment, and deprive of their badge such as shall offend.

THE TIDES.

It is evident to all, that the ocean is continually subject to agitation by winds and tempests, which by their action upon it disturb the state of equilibrium in which the mass of waters would naturally rest. The uncertain and irregular action of these agencies, however, does not account for the certain and regular rise and fall of the surface of the ocean, which traverses its complete surface, and which may be observed more or less on every coast accessible to it. Its depth at any given place is observed to be greatest at a certain time after the moon has passed the meridian of that place, after which it decreases until it reaches a certain limit, when it again gradually rises. These phenomena occur after nearly equal intervals of time, and are termed the *tides*.

The interval between *low* water and the next *high* water, is said to be *flood tide*, and that between high water and the next low water, is called *ebb tide*. If we call the interval of time between two passages of the moon over any given spot, a lunar day, then there are on an average, two high tides in a lunar day.

The time of the moon's synodic revolution is fully $29\frac{1}{2}$ days; thus, the mean interval between two high tides is 12 h. 24 m. 22 s. The heights of the tide vary in connexion with the position of the moon in her orbit-relation to the sun. The highest tides are called *spring tides*, and the lowest, *neap tides*, these unequal tides being caused by the conjoint attraction of the sun and moon upon the water. The great tide wave thus occasioned, flows from the Atlantic ocean to the British isles, and on arriving at the south coast, is separated in three branches. One of these flows up the English Channel, another up St George's Channel, south, and the third flows round the west and north of Ireland, and enters St George's Channel from the north, where it meets the second branch from which it parted at the south of Ireland a few hours before. From these two branches combined, the tide that flows up the Clyde is derived, and the latter obviously must also derive all the irregularities of the oceanic current, occasioned by the action of high winds; hence the reason of the apparent anomalies that are occasionally observed when no cause can be seen at work in the Clyde itself. High winds in the Clyde likewise affect the time and height of full tide, and by examin-

ing in the map the form and course of the frith, it will be readily seen why a northerly gale, by opposing the flow tide, should hasten the time of high water, and also diminish the height to which it rises ; while a southerly gale, by acting in concert with the tide, produces an opposite effect.

The following table, constructed by Mr David Heron of Glasgow, is useful for finding the time of high water at the places therein mentioned, by means of the Glasgow tide table. It exhibits the number of hours and minutes that the time of high water at the various places occurs *sooner* than at Glasgow.

This Office offers to the Public the security of a Large Subscribed Capital as a **GUARANTEED FUND** against contingencies, in combination with all the advantages resulting from participating in the Profits of the Company on the **MUTUAL INSURANCE PRINCIPLE**. Five Sixths of the ascertained Profits in the **PARTICIPATING SCHEME** are added every *fifth year* to the amount in each policy of this class, in proportion to the sum Insured, and the number of Yearly Premiums that have been paid thereon. By the plan thus adopted in allocating the **SURPLUS FUNDS**, no Office, whether Proprietary or Mutual, can with safety hold out greater prospects of future benefits to the Assured.

For the accommodation of those who prefer a certain future benefit to a prospective bonus, the Company grants Policies at diminished rates, without any participation in the Profits.

In the case of **INSURANCES FOR LIFE** on the **NON-PARTICIPATION SCALE**, *one-half* of the Premiums may remain on credit, interest at 5 per Cent. being payable in advance.

Among the other Branches of Business transacted by the Company, are:—

INSURANCES payable on the Party arriving at **SIXTY Years** of Age, or at Death, if it occur before then.

INSURANCES for **SHORT PERIODS**.

INSURANCES on **JOINT LIVES** and **SURVIVORSHIPS**.

ANNUITIES, Present or Deferred, to **WIDOWS** or other **RELATIVES**, and **ENDOWMENTS** to Children.

MONEY LENT by way of Redeemable Annuity to Heirs of Entail, and others holding Life Rent Interests on Heritable Property.

THE VERY GREAT SUCCESS of this Company, since its establishment, may be attributed, among other causes—1st, To the acknowledged ADVANTAGES afforded by its DIFFERENT PLANS OF ASSURANCE; 2d, To the COMPLETE SECURITY afforded by the Subscribed Capital of a large and influential Proprietary; 3d, To the AMOUNT OF BUSINESS secured from that Proprietary, INDEPENDENT OF EVERY OTHER SOURCE; 4th, To the ADOPTION OF PREMIUMS calculated at MODERATE and yet PERFECTLY SAFE Rates; and 5th, To the principle of an ANNUAL DIVISION of the Company's profits.

PARTIES MAY ASSURE ON THE PLAN OF PARTICIPATION IN THE PROFITS of the Company, and secure every advantage to be had in a Mutual Assurance Society, WITHOUT THE SMALLEST RISK OR RESPONSIBILITY. Or,

THEY HAVE THE OPTION OF ASSURING AT THE LOWEST SAFE RATE OF PREMIUM, if they wish merely to secure a certain fixed sum at the most favourable per-centage, whether IN CONNECTION WITH LOANS, or otherwise.

ASSURERS ARE ALLOWED TO ADOPT ANY PLAN IN THE PAYMENT OF THE PREMIUM most convenient for themselves.

In the DISTRIBUTION OF PROFITS, they have the great and well-known advantage of EARLY CONNECTING THEMSELVES with a Company established within the last few years, which has not yet made a Division of Profits, and which has already secured a very large and increasing business.

EVERY ADVANTAGE will be given to Assurers in THE NEGOCIATION OF LOANS, by Redeemable Annuity or otherwise.

TO PARTIES PROCEEDING ABROAD, beyond the limits of Europe, EVERY FACILITY IN THE OBTAINING OF LICENSE will be afforded at RATES PROPERLY GRADUATED TO THE RISK.

NO ADMISSION FEE IS CHARGED AT ENTRY ; and there is no additional expense whatever to Assurers, except the Policy Stamp.

IN ALL RESPECTS, the Company's Business is conducted in such a way AS TO AFFORD EVERY FACILITY AND ENCOURAGEMENT which can be offered for the extension of Life Assurance.

Specimens of the Tables of Premiums are subjoined, and all additional Information will be given at the HEAD OFFICE, at the OFFICE IN EDINBURGH, and at the Company's AGENCIES.

THE IMPORTANCE of Fire Insurance is now so generally understood, that it is unnecessary to demonstrate its value by illustration or example; but it nevertheless is of great importance to Individuals possessed of Insurable Property, to inform themselves, by inquiry and comparison, in what Office it is most advantageous for them to effect their Assurances, looking at once to the stability, character, and rates of the various Institutions carrying on the business of Fire Insurance.

Since last Return of Profits to the Assured, Policies covering property to the extent of upwards of FOUR MILLIONS STERLING have been ADDED to the business of this Company; and as the Assured participate in the free profits to the extent of three-fourths, this increase becomes of interest to them, from the circumstance that, with the trifling exception of £53,452, it consists entirely of Insurances of the three first or ordinary classes, which are known to form the profitable part of the business of Fire Insurance.

THE ADVANTAGES WHICH HAVE LED TO THIS INCREASE, ARE:—

First,—The LARGE INVESTED CAPITAL of the Company.

Second,—The high character which the Incorporation has maintained, during its long existence (124 years), for a PROMPT AND LIBERAL SETTLEMENT OF CLAIMS.

Third,—THREE-FOURTHS OF THE FREE PROFITS of the business being septennially returned to the Assured, who are guaranteed from responsibility by the whole body of Proprietors, and by an Invested Capital greatly larger (with one exception) than that of any other Scotch

Company, even those established for carrying on *both* Fire and Life Insurance; and thus, although a Proprietary Company, the Friendly affords the advantages of a Mutual Insurance Company, without the concomitant responsibilities to which Members of such Institutions may be liable, if not under judicious management.

Fourth,—A RETURN OF TWENTY PER CENT. was made to the Assured from 1832-39; and that Return was not confined to Policies current during the whole of that period, but extended to the total amount of Premiums received during these years, whatever the duration of the Insurances.

** * No Expense attends the Transfer of Policies from other Offices.*

THIS Joint-Stock Company, established by Act of Parliament, without limited responsibility, affords the most perfect security in an ample paid-up Capital, and in the great success which has attended it, since its commencement in 1834, and the large accumulation of Premiums which has taken place.

On the 1st of July, 1841, the Company, at their General Meeting, declared an addition of one-half to the Sums paid by the Stockholders, and appropriated to those holding Assurances at the participating rate, £2 per cent, per Annum, from the dates of their policies; so that the addition to a policy for £1000, in force for the previous five years, has been £100, making it in all £1100. The premiums are, nevertheless, very moderate, and only one-half of them, when the Insurance is for Life, need be paid for the first five years after the date of the policy.

Insurances may be effected on lives however far advanced; and the credit for five years is found particularly convenient on such Insurances, and for the security of Temporary Loans.

ANNUITIES ARE GRANTED ON VERY LIBERAL TERMS.

The facilities afforded by this Company to the Public in these and other respects are so great, that it is obviously a moral duty in every parent, not possessed of a fortune, but in the enjoyment of an income however moderate, to Insure his Life for a sum which may yield a Provision to his Family.

THE great success which has attended Assurance Companies, formed with reference to particular Classes of the Community, has led to the establishment of this Society, which is intended chiefly, but not exclusively, for the Assurance of the Lives of Members of the WESLEYAN METHODIST SOCIETIES, and of the Hearers and Friends of that Religious Connexion. Assurances, however, may be effected upon all Assurable Lives.

One-half, at least, of the Directors are to be, from time to time, chosen from among the accredited MEMBERS OF THE WESLEYAN METHODIST SOCIETIES. This Society possesses peculiar and exclusive means of obtaining, throughout the country, the most authentic information relative to the health and habits of parties wishing to become Assurers, thereby greatly reducing the risks usually attendant upon this branch of Assurance business.

Nine-tenths of the Profits of this Society will be divided every fifth year among the assured, either by adding the same to the Amount of their Policies, or by reducing proportionably the annual Premiums necessary for keeping up such Policies.

All claims will be paid within 50 days after they have been allowed by the Board of Directors.

48, GEORGE SQUARE, GLASGOW.

**1st Class taught between 9 and half-past 11.
2d and 3d Classes, between 10 and 1.
Junior Classes, between 12 and 3.**

THE Scholars forming the Junior Classes are carefully instructed in the Elementary Principles of English Reading; while lessons on objects enliven their minds, quicken their perceptions, and increase their fund of useful knowledge.

The 2d and 3d Classes read the Holy Scriptures, and various instructive Lessons on Natural History, in the first principles of Science, and on Moral and Religious Subjects. They are also taught to spell and explain words, and are initiated in the knowledge of those Latin roots from which English words are derived. No lesson is read in these, nor in the other Classes, which is not more or less explained, according to the age of the pupils and their capacity for acquiring information.

The First Class, besides the Scriptures, read interesting lessons in Science, Literature, and General Knowledge. The most difficult words in their lessons, they require to spell and explain. Being familiar with the principal Latin Roots, and with English Grammar, they are in the habit of classifying words, not only according to their parts of speech, but according to their derivation. The study of Geography, English Grammar, Composition, and the Use of the Globes, affords frequent opportunities for calling into exercise, and consequently improving, the mental faculties of all the members of this Class. In the Geographical Course, the principal Animals, Curiosities, and Productions of the different Countries of the World are described; and those events are brought under review which form the chief features in the Histories of the different Nations of the Earth.

To illustrate these various Lessons, Large Maps and numerous Plates are employed.

These Classes are all taught in Spacious Apartments, and due attention is paid to the comfort and health of every Scholar.

PRINCE OF WALES BUILDINGS, 40 BUCHANAN STREET, GLASGOW,

Removed from 26 Canon Street.

To Civil Engineers and Land-Surveyors.

ALEXANDER DICK,

Land-Surveying Chain-Maker,

No. 10, BUCHANAN BUILDINGS,

105 STOCKWELL STREET, GLASGOW,

RESPECTFULLY returns thanks to those Gentlemen who have favoured him with their patronage since he commenced the above business, and hopes, by prompt attention to orders, still to merit a continuance of their work. To those who may not yet have given his Chains a trial, A.D. would state that, having been engaged in Chain-making for Twenty Years, and made many improvements during that period (some very recently, which are giving general satisfaction), combined with the Chains being all made by himself, and of the very best materials, he is enabled to offer to them a superior article, and requests a trial. These Chains have been in extensive use in Scotland, England, and Ireland; and from all quarters renewed orders have been received. A. D. begs farther to state, that all Chains made by him are warranted accurate; and also to submit the following equitable and unprecedented list of prices, being a reduction of nearly 15 per cent.:—

Foot Link Surveying Chains.

100 feet long, 100 round-eyed links, made of No. 8 wire, 200 round rings, and made of No. 7 wire, and brass swivels, with strong handles, 9s. 6d.

100 feet long, 100 long-eyed links, with filed joints, 300 oval rings, and both made of No. 7 wire, and copper swivels, with strong handles, 16s.

N. B.—Surveying Chains made wholly of No. 7 wire are well adapted for coarse heavy work; and A. D. would especially recommend his Chains with Filed Joints, Long-Eyes, 300 Oval Rings, and Copper Swivels, both Links and Rings made of No. 7 wire, not so apt to crank, twist up, or stretch, as those made with unfiled joints and round rings, being made in a superior style.

Scotch Surveying Chains, made with or without the Fractions, only to Order.

74 feet long, 100 round-eyed links made of No. 8 wire, 200 round rings, and made of No. 7 wire, and brass swivels, with strong handles, 8s.

74 feet long, 100 long-eyed links, with filed joints, 300 oval rings, and both made of No. 7 wire, and copper swivels, with strong handles, 14s. 6d.

Imperial Surveying Chains.

66 feet long, 100 round-eyed links, made of No. 8 wire, 200 round rings, and made of No. 7 wire, and brass swivels, with strong handles, 7s. 6d.

66 feet long, 100 long-eyed links, with filed joints, 300 oval rings, and both made of No. 7 wire, and copper swivels, with strong handles, 14s.

Imperial Surveying Chains for Coal Mines.

66 feet long, 100 round-eyed links, made of No. 8 brass wire, 200 round rings, and made of No. 7 brass wire, with brass handles, 14s. 6d.

N. B.—The Handles of the Iron-wire Chains are all made of No. 1 Iron-wire; and the eyes are soldered together, to keep them firm, with improved Swivels; and *Alex. Dick, Chain-Maker, Glasgow*, is marked on the middle teller or counter of his Chains.

Poles and Offset-Staffs Made or Repaired on the Shortest Notice.

JOHN M^cLEOD,

RESPECTFULLY returns thanks to his numerous Friends and the Public for the very liberal support he has received during the last 17 years he has been carrying on business; and begs to intimate, that he still continues to receive Orders for all kinds of Coals.

GEORGE ROSS,

PREVENTION AND ONLY CURE FOR CORNS.

EBENEZER WEIR,

BOOT TREE AND LAST MAKER,

63 NELSON STREET, GLASGOW,

ENCOURAGED by the very flattering support he has received for several years past in the Making of *special* BOOT and SHOE LASTS for Ladies and Gentlemen, to suit the various *peculiarities* of their feet, and from the many testimonials he has received from his Customers of the comfort they have enjoyed ever since having Lasts made *expressly* for themselves, begs respectfully to announce, that he will now make it a still more prominent part of his Business.

It is well known that Corns are invariably occasioned by unequal pressure, arising from Boots and Shoes not being made to suit the peculiarities of the feet, and that, however cleverly extracted by Corn Doctors, the cause that produced them once will produce them again. E. Weir's mode of making Lasts, however, completely supersedes this difficulty, as he makes proper allowance on the Lasts for the part affected, so that there can be no pressure, and, of course, no pain; and by this means, in a very short time, the Corn imperceptibly disappears, and is replaced by soft flesh, like any other part of the foot. If in any instance Boots or Shoes made from his Lasts do not fit, or fail to give satisfaction in every particular, E. W. binds himself to forfeit the price of the article, and make other Lasts without any additional charge.

Parties residing in the Country, by forwarding a Boot or Shoe that has got the proper form of the Foot, can be fitted accordingly.

P. S.—Having a very large Stock of well-seasoned material for Lasts, Boot-Trees, and every article in the above line, he will warrant the following articles to be of the best description, and in the newest fashion:—

PORTABLE BOOT-TREES,
PATENT BRASS-JOINTED BOOT-TREES,
GENTLEMEN'S BOOT AND SHOE TREES,
IMPROVED BOOT & SHOE STRETCHERS,
CRIMPING-BLOCKS AND GLOVE-STRETCHERS,
BOOT-JACKS, &c. &c.

Country Orders will meet with every attention, and be forwarded per Carriers.
